WASHINGTON LETTER.

WASHINGTON, D. C., Nov. 8, '96.

TO THE SOUTH KENTUCKIAN.

The city has been in a fever of excitement ever since Wednesday, and no signs of it abating are yet seen.

Republicans are in the majority, and have been successful in their work, and in the Departments the nervousness is as marked in the Republicans as in the Democrats.

The President will be so much occupied from now till Congress meets in discussing with his cabinet officers the various subjects to be treated in their reports, that he has found it necessary to leave an order standing to see visitors called on two days in the week.

The French visitors to the Bartholdi statue ceremonies spent the latter part of last week in Washington, and received a great deal of attention from officials and also from prominent citizens.

We are also having distinguished Japanese visitors with us this week. The uncle of the Mikado is here with his suite, among whom are the Prince and Princess Komatsu, the Grand Chamberlain of the court of the Emperor, and the Commissioner of Ordinances.

The bright and charming weather of the past week seemed to have attracted a larger number of brides than usual to the city. One day during the week there were not less than 100 brides couples at one time in the spacious marble halls of the Patent Office building.

It affords me great pleasure to certify to the value of Gooch's Mexican Syrup, having tried it during the past winter and Spring. My four children, ranging in age from 2 to 9, took severe coughs, and after doctoring two months without any benefit, and the youngest growing exceedingly worse, I was advised to try Mexican Syrup, and I am happy to state that after using three bottles all were cured, and I cheerfully recommend it to any one suffering with cold, or weak lungs. We would not feel our household wants were completely without a bottle of Gooch's Mexican Syrup.

LAFAYETTE, KY.

EDITOR SOUTH KENTUCKIAN:

Our little town is quiet once more. Had quite a stir among its election day. Had one fight and a great many exciting talks.

A great deal of sickness in our community, but it is confined principally among the children.

Mrs. West is very low with pneumonia at the Lafayette Hotel.

THE CLEVELAND PUZZLE.

Hon. Frank Lawler, of Chicago, Has a New Joke.

The Hon. Frank Lawler seems to be much amused by the puzzle which he calls at the White House and Cleveland is always glad to see the Chicago Congressman.

EUROPE'S SMALLEST STATE.

The Republic of Moresnet between Prussia and the Netherlands.

The smallest state in Europe—six square kilometers—is the territory of Moresnet, between Verviers and Aix-la-Chapelle. It contains rich zinc mines which are worked by the Societe de la Vieille Montagne.

The President looked at the puzzle as altered, and real: "Good God, do go!" He looked at the Hon. Frank a minute, and finally said, "Well, I say it to you?" The Chicago Congressman has been very busy showing the Cleveland puzzle all around to day.

An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Pa., says: Having received so much benefit from Electric Bitters, I feel it my duty to suffering humanity to tell you of my experience. I have been a sufferer from rheumatism for many years, and have tried every remedy known to man, but without success.

Old Dan Rice, the famous showman, told a grand reporter a pretty story the other day about how, in looking over some of his father's old papers, he discovered that he was probably the rightful heir to a vast estate in Texas and Mexico, his father having been the owner of 200,000 acres of land. Dan says he went to Texas and found the title perfect, and now he has only to prove that he is the son of his father, whose name was McLaughlin. The showman's full name is Dan Rice McLaughlin, but he only used the name of his father for purposes of the story. He says he will soon be able to clear that matter up and that men of means are furnishing him the money to secure his fortune.

What the Press Says.

The Swift Specific Co. have something interesting to say to you in another column. The popularity of their medicines is wonderful indeed; yet, when we see how effective it is in all ailments pertaining to the blood, we are not surprised that its popularity is so great. It is undoubtedly one of the best blood medicines in the world.—Examiner, Abingdon, Va.

SWIFT'S SPECIFIC.

This wonderful blood purifier has received the endorsement of many of the leading physicians both in this country and Europe, and the hundreds of persons it has cured of cancer, catarrh, scrofula, eczema, ulcers, rheumatism and blood taint is remarkable. Nothing like it has ever been known before. This medicine is for sale in this country, but abroad, which shows its popularity. Are any of our readers troubled with any of these complaints? If so, you may surely find money you can't make perfectly well and happy.—N. O. Picayune, Sept. 2, 1896.

The First S. S. S., or Swift's Specific, ever brought to Atlanta, Texas, was bought by T. Caven & Co., druggists. Aaron Blaydes had been ill with health for a long time and could get no relief. He was almost blind. Mr. Caven induced him to take a bottle of S. S. S. The first bottle brought him out on the streets, and the second made a complete cure; and Aaron is now living and well, and can be interviewed at any time with reference to the facts. He is a colored man living here in Atlanta, Texas. S. S. S. is now sold in drug stores in this country.—Journal, Atlanta, Texas.
